### Reds Close Sluice Gates to Rivers Blocking New Invasion Route

#### SHIFTING OF ENEMY UNITS S REPORTED

Tokyo, May 1—(P)—Communist troops preparing for a new attack in central Korea today cut off the water supply for rivers blocking their invasion route.

The Han river dropped so sharply that United Nations engineers had to adjust pontoon bridges three times Tuesday.

An Allied spokesman said the Chinese closed the sluice gates to the Hwanchon dam in an effort to dry up the Pukhan and Han rivers. That would make it easier for Red assault forces to cross.

Censors prevented correspondents from saying how much the river had fallen.

Simultaneously the Reds shifted their forces to the central front after massed Allied artillery, naval guns and record swarms of planes disrupted their plans for a May Day assault on Seoul.

AP Correspondent Nate Polowetzky described the buildup of Red forces along the Chunchon-Hongcheon invasion route as ominous.

United Nations artillery roared out Tuesday night in an effort to break up some of the Red concentrations on this old central Korean battlefield.

A heavily censored dispatch from Polowetzky said American artillery broke up two small concentrations. One was southeast of Red-held Chunchon. The other was north of Hongcheon, to which the U. S. First Marine division pulled back recently from Hwanchon reservoir.

There were no reports of ground action of any size on May Day either on the central front or in the west near Seoul, where the Reds had hoped to celebrate their international holiday.

So few targets were left without their range that Allied batteries spent a comparatively silent May Day after Monday's terrific barrage. The Red pullback created a no man's land between the extreme range of U. N. guns and forward Chinese elements. Small advanced Red pockets were hit by fire bombs.

It was a different story Monday when the Chinese masses were (Turn to Page Eight)

### Measure Designed to Extend Deadline for Completion Of Sewage Plants Faces Defeat

Harrisburg, May 1—(P)—The senate was poised today to kill a proposal to extend for two years the deadline for construction of local waste treatment plants under the clean streams program.

Sen. John M. Walker, Republican floor leader, said the bill has been the object of concerted opposition from groups interested in the commonwealth's anti-pollution projects.

The measure, in a position for a final vote, is likely to return to committee—and there to die, said the GOP chief.

The measure would allow municipalities, pressed for funds, a two-year moratorium on construction of sewage treatment plants. At the same time, industries would be exempted from constructing waste treatment works during wartime or a national emergency.

Sen. George N. Wade (R-Cumberland), who co-sponsored the bill with Sen. James S. Berger (R-Potter), said he was agreeable to striking out the section dealing with industries.

If that were done, Sen. Samuel G. Neff (D-Lawrence) said he would withdraw his opposition to the measure. Neff had charged—and the sponsors denied—that the Pennsylvania Manufacturers Association was supporting the bill.

But Walker, declaring the need to kill off the bill, said:

"Any community that needs financial aid to construct sewage treatment plants can work out a plan with the sanitary water board."

The board is in charge of the clean streams program.

In another senate development, Walker broadly hinted last night the administration may drop its opposition to hearings on the controversial one-half of one per cent income tax bill.

He told the upper branch he would support any move by the senate finance committee to hold hearings on the house-passed bill, designed to raise \$119,000,000 in the next two years.

In a new outbreak of criticism, Sen. John H. Dent, Democratic floor leader, said last night his party would use the income tax as a campaign issue in future elections in an effort to unseat the Republican-controlled state government.

Meanwhile, top lawmakers started to talk of a June adjournment to permit them to take part in the July 24 primary election campaign. Today is the first day to circulate nomination petitions for the election of thousands of municipal officials.

### REPORT SAYS O'DWYER AID TO RACKETS

Washington, May 1—(P)—Senate crime investigators today accused Ambassador William O'Dwyer of contributing to the growth of organized crime in New York City, where they said underworld kingpin Frank Costello is a power in Democratic politics.

O'Dwyer was New York's mayor from 1946 until last fall when President Truman appointed him ambassador to Mexico. From 1940 to 1942 O'Dwyer was district attorney of Kings County (Brooklyn).

The crime probe, headed by Senator Kefauver (D-Tenn.), also said O'Dwyer had named to high public office friends of Costello and Joe Adonis, another big-time racketeer and gambler.

The senators devoted about 85 pages of the 195-page report to their New York City investigation, where O'Dwyer and Costello were the major witnesses at hearings viewed on television by upwards of 20,000,000 persons.

The report, rushed to completion late last night, also asked congress for a batch of laws aimed at throttling the nation's big crime and gambling syndicates by cutting the profits out from under them.

The recommended legislation to outlaw transmission across state lines of information for illegal gambling to prohibit illegal gambling losses or expenses from being deducted for income tax purposes, to deny use of the mails or other interstate communications to make or pay off bets, to ban the interstate transmission of punchboards, roulette wheels and other gaming devices and to require gambling casinos to keep detailed records of money won and lost.

With a reminder that "money is the key to power in the underworld," the committee also called for tougher tax laws and penalties to trip up gangsters, including requirements for full records of income and expenses and statements of "net worth."

The senators commended the Internal Revenue Bureau for setting up a special fraud squad and urged the justice department to create a racket squad "to clean the country of racketeers, gangsters and organized criminal groups."

They said, however, that the primary responsibility for cleaning up the underworld rests with state and local officials.

Other proposals asked stiffer penalties for dope peddling, tightening of immigration laws to rid the country of undesirable aliens, measures to eliminate racketeers from the liquor and transportation industries and bigger staffs for federal law enforcement agencies, especially the narcotics bureau.

The committee also recommended creation of a Federal Crime Commission, with Senator Wiley (R-Wis.) dissenting. He said he feared it might lead to creation of a national police force. The committee said this was the only part of the report on which the five members were not unanimous.

A number of suggestions also were advanced for action by the state and local governments to break up underworld operations.

#### HEADS PHONE CO.

#### NEW CHURCH SEATS

In preparation for the opening of the new Independent Baptist Church, corner of Russell street and Madison avenue, a truck load of seats was brought to Warren today from the Tidouthe Theater where new and modern seats are being installed.

#### HOME FROM SOUTH

Dr. C. H. VerMilyea, well known and popular physician of Russell, arrived home last evening after a pleasant vacation spent with his son, Victor, in Corpus Christi, Texas. Vic drove him to Bradenton, Fla., where he was met by another son, J. A. VerMilyea, Warren, who flew to that city to motor him home.

### Vogeler and His Family Arrive In New York Today

New York, May 1—(P)—Robert A. Vogeler, freed from 17 months imprisonment by Communist Hungary, arrived home today.

Accompanied by his family, he landed in a Pan American World Airways plane at New York International airport.

The big transoceanic clipper, which flew here from London, taxied to a customs area where a huge battery of television and newsreel cameras was set up behind a barrier.

The 30-year-old American businessman, held prisoner in Hungary as a spy, was released after prolonged negotiations between the Communist government and the United States.

Turned over to the U. S. Embassy at Vienna, he left there by plane yesterday under a cloak of State Department secrecy.

His plane rolled to a stop here at 10:25 A. M. (EST), and a ramp was placed alongside.

A swarm of reporters, and photographers, some of them perched atop trucks and on rooftops, waited behind a fence. A few passengers debarked, but the (Turn to Page Eight)

### Indictments Are Recommended In Homestead Probe

Pittsburgh, May 1—(P)—The state's special investigating grand jury today recommended indictment of Burgess John J. McLean of nearby Homestead and Police Chief Thomas Conlin.

Thirty-three indictments were recommended in all by the jury which has been investigating racketeers and official corruption in Pittsburgh and other Allegheny county towns and cities.

The grand jury's recommendations called for the indictment of several Homestead policemen.

The jury lacks the power to return indictments itself. It can only recommend indictments by the regular Allegheny county grand jury.

The state's grand jury recommended that Burgess McLean and Police Chief Conlin be indicted on charges of misdemeanor in office.

There is considerable unrest in South Korea," the report said, "but forces available to General Hodge are adequate to cope with it and to maintain order, though completely inadequate, even with maximum assistance from General MacArthur, to meet Soviet-controlled invasion of North Korean forces."

The report, with certain parts deleted, was made public by the senate armed services committee in advance of its inquiry into the firing of Gen. Douglas MacArthur.

Hearings on MacArthur's dismissal from the Far Eastern Command are to begin Thursday.

Wedenmeyer advised against U. S. removal of its forces from Korea, pointing out that the Russians dominated North Koreans

**RAGING INFERNO:** Flames and smoke billow from this two-story brick building used as a warehouse by the Pennsylvania Bottle Co. of Sheffield. The structure, located near the southeast corner of War Memorial field, formerly was the barrel house of the old Wilburine Refinery. See other photos, Page 8. (Times-Mirror Photo).

### HUNDREDS ATTRACTED BY COSTLY BLAZE

Damage estimated at more than \$17,000 was caused late yesterday afternoon when flames destroyed a brick warehouse filled with nine carloads of glass bottles near the southeast corner of War Memorial field.

Several huge storage tanks of the Seneca plant of the United Refining Co. also were menaced when a grass fire, ignited by the blazing warehouse, swept across a field to within a short distance of the tanks.

The fire was the most serious to hit Warren in many months. Its cause was not determined. No one was hurt.

The entire Warren fire department—including the off-crew—turned out for the alarm and poured tons of water into the blazing inferno before bringing the flames under control.

Dense clouds of black smoke poured out of the building, hampering firemen in their work. The huge smoke plume rose several hundred feet in the air and was visible from nearly every section of Warren.

The fire attracted hundreds of persons to the scene, and five borough policemen were assigned to help keep the crowd back. The intense heat caused one of the walls of the building to bow outward, but it did not collapse.

The warehouse was an old two-story brick affair, owned by Albert Ristau, of the Penn-Forrest Furniture Co. of Sheffield. It formerly was the barrel house for the old Wilburine Refinery, and was being used for storage of cardboard cartons of glass bottles from the Pennsylvania Bottle Company of Sheffield. About nine carloads of bottles along with a supply of empty cartons and paper were stored in the building. The structure and its contents were described as a total loss.

The fire broke out about 6:15 p. m., and within a matter of minutes had spread from the basement to the roof. The fire also quickly spread to a field across the Pennsylvania Railroad tracks from the building, and swept through the dry grass toward the Seneca storage tanks.

About 20 employees of the Seneca plant swung into action with their hose cart, and succeeded in checking the grass fire before it could reach the huge metal storage tanks.

Warren firemen hooked up 2250 feet of two-inch hose, and used the pumps on Engines 1 and 2 to increase pressure on the lines. The two pumps were in constant use for a combined total of 7 1/2 hours.

The firemen did an excellent job in bringing the roaring flames under control in less than an hour, and remained at the fire scene for 4 1/2 hours before the blaze was extinguished.

The firefighters were called back to the same building at 3:50 a. m. and again at 10:35 a. m. today to put out spot fires which had started up.

The department also had another call at 12:37 a. m. today to the home of Michael Musante, 225 Pennsylvania avenue, west, to investigate a gas leak in a stove. They disconnected the stove and capped the gas line.

Loss in the warehouse fire is reported partially covered by insurance.

### Acquitted of Murder After Serving 12 Years

Philadelphia, May 1—(P)—Rudolph Sheeler, who served 12 years of a life sentence for murder of a policeman, today was acquitted of the same charge.

The acquittal was ordered by Judge James Gay Gordon, Jr., after assistant District Attorney Colbert C. McClain told him "we were not able to find any shred of testimony which would connect this defendant with this crime."

Sheeler burst into sobs when the verdict was announced and had to be led from the courtroom.

### Bradley Asked To Explain Secrets Of Wake Island Visit

Washington, May 1—(P)—Senators called on Gen. Omar N. Bradley today to explain how a formerly top secret account of President Truman's Wake Island conference with Gen. Douglas MacArthur came into existence.

Senator Russell (D-Ga.), chairman of two committees looking into the policy dispute involved in the president's firing of MacArthur as Pacific commander, told a reporter he had asked Bradley to state in a letter to him how the report was prepared. Bradley is chairman of the joint chiefs of staff.

Despite its top secret classification, what was described as a summary of the report was published recently. Some Republicans accused the administration of having "leaked" the document in an attempt to discredit MacArthur. Several blamed Mr. Truman himself.

Among other things, the account as published in the New York Times described MacArthur as not believing at the October, 1950, conference that Red China would intervene in the Korean fighting.

MacArthur's aides have said intelligence on the Chinese Communists. (Turn to Page Eight)

### Political Activity Simmers as County Candidates Start Circulating Petitions

Political activity throughout the county begins to simmer today as petitions are about to be circulated, qualifying candidates for the primary elections on Tuesday, July 24.

Although no formal announcements have been made for Democratic candidates, County Commissioner William Olney will be a candidate for re-election.

Several petitions for Democratic candidates have been picked up at the Court House, indicating a slate of candidates for practically all county offices.

On the Republican side, announcements already made include Judge Allison D. Wade for re-election; Sheriff L. E. Linder and Prothonotary Ralph E. Sires, both for re-election; Homer B. Bowersox, of Warren, for county treasurer; and G. H. "Pete" Lodge, of Tidouthe, for sheriff.

Both Republican commissioners, George E. Seavy, Clarendon, and L. L. Johnson, Youngsville, informed the Times-Mirror today that they will be candidates for nomination at the primary election.

All county offices, with the exception of register and recorder, district attorney, and coroner, are to be filled this year. In addition, there will be assessors, supervisors and school directors to be elected in the various townships.

Mr. Olney is completing one term in office as is Prothonotary Sires. Sheriff Linder is candidate for a third term.

### Jaycees Outline Plans For Motor Boat Races to Feature Coming Celebration

The Warren Fourth of July Celebration committee last night decided to stage motor boat races as part of the four day event and also named a number of committees for the various activities planned.

Three men from the Chautauque Lake Power Boat Club in Jamestown attended the meeting and explained what would take place. The visiting visitors were Ole Johnson, Barney Carlton, and Ralph Millard, Commodore of the club. They explained that two classes of 10-horse and 22-horse power boats would take part with seven to eight boats in a class and about 25 boats giving a three hour show. The races are tentatively planned for between Hickory street and the Railroad bridge.

A drum corps competition on the afternoon of the 4th is assured with four entries already in. The National Champion corps from Lock Haven, the crack Dunkirk outfit, an Olean Corps and an outstanding Niagara Falls organization are expected to be on hand.

### Nature's Elements Turn Out Variety of Weather as Month of May Is Ushered In

By The Associated Press  
It was the merry, merry month of May and nature's elements appeared on a merry-go-round, turning out a variety of weather. Snow fell in the Rocky Mountain states. It was like midsummer over much of the midwest and southward to the gulf. There was cool weather in the west, parts of the Great Lakes region and in the North Atlantic states.

Showers and thunderstorms covered a belt from Minnesota and Iowa southward into Texas. There were dust storms in parts of the west.

Heaviest snowfalls were reported in Montana. The falls measured four inches at Missoula and three inches at Kalispell. Snow also fell in Wyoming and eastern Idaho. Temperatures dropped below freezing in some part of the snow belt.

Winds up to 40 miles an hour whipped up dust storms last night in eastern Colorado, western Nebraska, western Kansas and southeastern Wyoming. Rain fell along the eastern slope of the Rockies in Colorado.

A tornado skipped through (Turn to Page Eleven)

### SITDOWN BARRICADE AT MEMORIAL BRIDGE

Pittsburgh, May 1—(P)—Men, women and children prevented the planned opening of the new \$8,000,000 Rankin Memorial Bridge yesterday with a sitdown barricade on the Whitaker approach.

They dragged chairs and benches across the approach to protest the lack of sidewalks.

The bridge spans the Monongahela river between Whitaker and Rankin. County officials delayed the opening for ten days. They promised to install sidewalks within that time.

### Government Extends Indefinitely the Present Ceiling Prices on Automobiles

Washington, May 1—(P)—The government today extended indefinitely the present ceiling prices on passenger automobiles.

The Office of Price Stabilization order also directed that manufacturers make reductions from charges for cars delivered without a spare tire and tube.

The National Production Authority sometime ago banned spare tires and tubes as equipment for new cars.

OPS said with regard to the fifth tire:

Manufacturers with a standard charge for the extra tire, on Dec. 1, 1950 must deduct the charge from the list price to dealers as of that date.

Manufacturers without a standard charge will take what they paid for the tire as of Dec. 1 and whatever percentage markup over cost applied to the entire car. They will use the amount thus figured as the standard charge to be subtracted from the net price to dealers.

OPS said it will issue an order soon changing retail ceiling prices to reflect elimination of the spare tire and tube.

The order continuing present ceilings of passenger cars keeps in effect a 3 1/2 per cent increase granted automobile manufacturers on March 2.

### TOT ON A FRIENDLY MISSION IS KILLED

Emergency Ward At Hospital Busy Place on Monday

Warren General Hospital's emergency ward was a busy place yesterday, more busy than usual, that is, when no less than seven persons received emergency treatment for injuries.

Barbara Ludwig, 2, of Sugar Grove R. D. 2, was treated for a crushed tip of her right index finger, sustained when it was caught in a tractor crank. She was discharged.

Richard Hammer, North Warren, a Beatty Junior High student, was treated for a fracture of the left wrist, sustained in a fall in gym class. He was discharged after application of a cast.

Raymond Bennett, 703 Fourth avenue, employed by Eli Gordon, sustained a laceration of the index finger on pipe shears. He was discharged after five sutures were applied.

Mrs. Maude Ash, Youngsville, sustained a fracture of the right leg in a fall at her home. She was discharged after a walking cast was applied.

Herman Holmes, Endeavor, employed by Sabella Lumber Company, of Tidoute, was admitted with head injuries, sustained when a cut tree fell on him. Five sutures were taken in scalp lacerations.

Earl Raleigh, 112 Central avenue, working at the Presbyterian church where he was cleaning windows, sustained severe lacerations of the left hand and arm when a window broke. Twelve sutures were applied and he was discharged.

Howard Hahn, Sittler House, employed by Warren Baking Company, was admitted after treatment for injuries received when a company truck ran off the road.

Regional Director Promises Slashes In Prices of Meat

Dollars-and-cents beef price ceilings announced this week by the Office of Price Stabilization will give the housewife slightly lower prices now and a ten percent price reduction when the regulations take full effect by fall.

This assurance was given after announcement of the new regulations by Victor E. Moore, Regional OPS Director for Pennsylvania and Delaware.

Moore said that prices of live animals, since they were not under controls, moved up steadily and were reflected in higher retail prices, but that under the new Regulation 25 this increase is not only halted but also rolled back ten percent immediately.

The effect of the order will not be felt at once at the retail markets, he explained, because the trade has been squeezed between the rising price of live animals on the one hand and the general price freeze on the other. Mostly, it had been absorbing the loss, but the result was that beef was beginning to disappear from the market in many places, Moore explained.

The new regulations first relieve this squeeze, which will help to prevent shortages, and then provide for successive retail price reductions in August and October.

The delay in making substantial reductions, Moore said, results from the fact that feeders will have to adjust their operations to the new regulations, and this takes some time.

Processors and retailers affected by the new regulations, Moore said, should obtain copies from their nearest OPS office or through their trade or business associations, which will be provided with quantities for distribution.

New York—(AP)—An open letter to Joseph Stalin, care of the Kremlin, Moscow:

Dear Mr. Stalin:

As one Joe to another, I am just writing to wish you a happy May Day. This is supposed to be an international holiday for the working man, and us fellows in the third squad kind of wonder how you are celebrating it.

You guys in the Kremlin knocking off early today to watch the big parade? And afterward I'll bet you'll be hip-deep in caviar and vodka. Pretty nice, Joe, you got it made. That's the way for a working man to live. You've become the poor man's rich man in Russia.

Too bad you can't be with us here in Korea. We're having a parade also. But it's a noisy parade, and just means more work for us.

That's enough to make a guy see red, and boy are we seeing red! Nothing but red—Red Chinese. They organized this May Day parade, and it's one big bloody mess. It's in your honor, Joe, and in the villages north of us your propaganda agents are busy again pasting up your picture on every house door. The liberated Koreans are cheering for you—at gun point.

This parade is the third one your boys have organized to throw us

**LOYALTY DAY**

The following is taken from a "Loyalty Day" clippingsheet printed by National Headquarters of the Veterans of Foreign Wars

Back in 1899, a handful of veterans of the Spanish-American War gathered together and formed the Veterans of Foreign Wars. These men knew the personal dangers and risks involved in war and service overseas. They felt a patriotic duty to place this knowledge at the disposal of the country. It was their intention, as veterans, to keep forever alive the memory of their fallen comrades. For the past fifty-two years, the Veterans of Foreign Wars has been dedicated to this task and has raised its voice to keep alive not only the memory, but also the ideals of the men buried on distant battlefields.

This is why the Veterans of Foreign Wars established May first, or the weekend of April 28th to May 1st, as Loyalty Day. The date was not chosen accidentally. As everyone knows, the Communists had taken over May Day for world-wide demonstrations. In 1948, we originated Loyalty Day as an open challenge to Communism. We issued a call for all Americans to stand up on that day and be counted. Wherever the Communists met, we held meetings, too. Wherever they paraded, we paraded, too. It is a matter of record that in the City of New York, on May first, 1948, we marched the Communists right off the streets.

Today, parades are not enough. Here, on Loyalty Day, 1951, we find ourselves entering what General Eisenhower has called "the decade of decision." For the third time in thirty-five years, we are watching our sons and brothers enter the Armed Forces.

Since the innermost fortress of our liberty is the Constitution of the United States, our course of action is plainly marked. It is imperative not only to mobilize our physical defenses, but also to reaffirm our faith in American ideals.

The United States is the sum total of all its people. Loyalty to the nation means loyalty to the people who compose it—to our fellow citizens, our neighbors, the folks next door and down the street. Therefore, we must plan now and act now in our neighborhoods and communities. Such was the recommendation of the 1950 V. F. W. National Encampment. We can begin by taking stock. How well are we living up to the principles and process of true Americanism? What are the assets and liabilities? When we know these things about our community we must work together to balance the books and turn the liabilities into positive assets.

Your town—every town—is but a small part of the larger community of the nation and the world. We might say that what we do here is our own concern. But we would be wrong. What we do here is noted in far-off places. Just as the Indians lit signal fires between tribes and villages, so let our actions be signals to our neighbors and countrymen. They, in turn, will light fires that will radiate in every corner of the world.

This is the message of Loyalty Day. Our land, our home, our freedom, our way of life—versus the slavery of the Communists. The choice should be simple. But the choice requires action—the combined and sustained action of 150 million Americans. The Veterans of Foreign Wars invites your support, your undivided loyalty.

**YMCA ANNIVERSARY**

Since early records show the Warren YMCA was organized in 1867 and will be observing its 84th anniversary with its annual dinner-meeting May 17, a number of interesting feature articles and pictures have been planned for Times-Mirror columns during the month. It is also noted, in this connection, the local association is jumping the gun on its celebration of the June centennial of the International YMCA and is tying in with its own birthday observance of that countrywide milestone. Selected as the centennial theme is the phrase: "100 Years of Service to Democracy and Youth—Your YMCA."

Don't fail to read the "Letter to the Editor" appearing on page fourteen in this issue, written by a high school student, protesting against a proposal to abandon the Municipal Airport as an active flying field. His appeal "Please — — — don't let aviation die in Warren," should be a rallying cry for aviation enthusiasts.

#### Getcha Press Program Here! It Makes D. C. Fathers Pikers

BY PETER EDSON  
N.A. Washington Correspondent

WASHINGTON—(NEA)—While waiting for Gen. Douglas MacArthur to wing his way out of the west, members of the Washington press corps dreamed up what they thought would be a much more fitting and hysterical reception program than the one the D. C. Fathers arranged.

This is it:

12:30 p. m.—General MacArthur wades ashore from snorkel submarine in the Potomac.

12:40—MacArthur, riding GOP elephant with Joe Martin as mahout, leads parade to the Capitol, followed by President Truman drawing ricksha containing several Marines.

12:47—Beheading of Gen. Harry Vaughan in Capitol rotunda.

1:00—MacArthur tells all about it.

1:30—Burning of the Constitution.

1:55—Lynching of Secretary of State Dean Acheson.

2:00—Twenty-one atom bomb salute for General MacArt.

2:30—Five hundred D.A.R.'s do a parachute drop from top of Washington Monument.

3:30 and on—Basket picnic on Monument grounds.

Big riddle in Washington is what can be accomplished by a full-dress investigation of U. S. foreign policy, stirred up by General MacArthur's return? Closest parallel in recent years would seem to be the Pearl Harbor investigation at the end of the last war. It took seven months, proved little or nothing that wasn't known before, ended in a divided report on strictly political lines.

Any discussion of foreign policy is a good thing, however, if argued on fact and not on emotional appeal. Principal harm that might be done would be to force revelation of Joint Chiefs of Staff secret plans.

GREATEST tragedy in the death of Sen. Arthur A. Vandenberg of Michigan is that there is no one on Republican side of the Senate to replace him. This fact that he had no real successor was fully appreciated by Senator Vandenberg. Michael A. Gorman, editor of the Flint, Mich., Journal, who knew Vandenberg well, recalls that this was one factor in Vandenberg's decision not to be an active candidate for president in 1948.

At one point during primary campaigns, after Governor Dewey of New York had lost several midwestern state ballots, there was a small boom for a Vandenberg-Dewey ticket. The Michigan senator scotched it. If that ticket had gone through and won, with the Michigan senator in first place, Governor Dewey as the elected vice president would today be president.

Maj.-Gen. William C. Chase, new head of U. S. military advisory mission to Chiang Kai-shek's Nationalist Chinese army on Formosa, made his reputation as commander of U. S. First Cavalry in the Pacific. It operated brilliantly as an armored division. General Chase was a G.I.'s general, and ate out of the mess lines, wherever he was, in preference to private dining rooms. He gained considerable fame by the signs he had erected as morale boosters for his troops, reading: "Welcome to Tokyo—Courtesy First Cavalry."

Assistant Secretary of Defense Manpower, Anna M. Rosenberg, was on the stand before the Senate Armed Services Committee. Senator Russell of Georgia, the chairman, was questioning her about the young husbands—"the ones who get married early and immediately start raising big families so as to escape the draft."

"What do you suggest?" asked Secretary Rosenberg, "a rollback?"

### Clemens Class Meeting Turns Into a Surprise

The Rev. and Mrs. C. W. Baldwin opened their home in Crescent street Thursday evening to members of the Clemens Class, the monthly meeting developing into a surprise party to celebrate the pastor's birthday anniversary.

Norman Sampson, president, conducted the business meeting, after which a lively game of Twenty Questions was emceed by Henry Wyman.

Rev. Baldwin successfully blew out all the candles on his beautifully decorated birthday cake, which was included with housewarming gifts presented by Bauwians from the class.

After refreshments had been served on attractively decorated trays, a social hour was enjoyed to round out a very pleasant evening.

### WALTER-SULLIVAN MARRIAGE ANNOUNCED

Youngsville, May 1—In a ceremony performed April 21 in Youngsville Evangelical United Brethren church, Rev. Harold V. Lindquist united in marriage Viola Rose Sullivan, daughter of Mrs. Rose Sullivan and the late Ralph Sullivan, and Clarence Ivan Walter, son of Mrs. Bertha Walter of Warren and the late George B. Walter.

The bride, wearing a blue suit and yellow rose corsage, was given in marriage by her brother, William Sullivan, and attended by her sister, Phyllis G. Sullivan who wore red roses with a light blue suit. Raymond Walter was his father's best man.

The reception followed at the Walter home, with Mrs. John Gustafson and Mrs. Raymond Walter as hostesses; Mrs. Robert Caldwell and Hazel Sullivan serving.

Following a short wedding trip, the newlyweds are at home at 115 Highland avenue.

### FRANK WEAVER IS BIRTHDAY GUEST

Youngsville, May 1—A very pleasant family gathering was held in the home of Mr. and Mrs. Frank Weaver to help the former celebrate his 83rd birthday anniversary. At noon, a splendid dinner was featured by two birthday cakes made by his daughter, Mrs. Fern Olson of Bradford, and his sister, Mrs. Alma Anderson of Corry. Dinner guests were Ardath Foss, Pittsburgh; F. Lyle Weaver, Monongahela; Mr. and daughter, Jane, Bradford; Mrs. Florence Jones, Jamestown N. Y.; Mr. and Mrs. Albert Anderson, Corry.

Later in the afternoon and evening, guests included a niece, Mrs. Verna Foster and daughter, Miss Janet, and Rex Henton, Corry who were guests for the evening meal. Mr. Weaver was remembered with many gifts and greetings, as well as best wishes for many more such happy occasions.

### GRACE LOIS JOHNSON SETS WEDDING DATE

Mrs. Hazel Johnson, 423 Chestnut street, announces the engagement and coming marriage of her daughter, Grace Lois, to Sgt. Frank Stanley Kuzminski, son of Mr. and Mrs. Mike Kuzminski, Youngsville.

The wedding date has been set for Friday, May 11, with the ceremony performed at 3 p. m. in First Baptist church, Rev. Milton G. Perry, officiating.

### His 'Triangle' Isn't Tragic, It's Just a Shabby Affair

MOST of the "triangle" letters that come my way are written by wives whose husbands are interested in another woman and who ask, "What do I do now?"

But here is one from a man who, according to his own description of her, has a "fine wife" and a 20-year-old son, who has met a woman, also married and also a mother, that he thinks he is in love with.

He admits he may not take my advice, but asks for it anyway. He is certainly going to get it, for there is one question in particular that I want to answer for him. He asks of this new found love that hit him so hard and so suddenly: "Will it last as we think it will, or will it pass over and some day seem kind of silly?"

It will certainly pass if you give it a chance to. Or you can kid yourself that you have, all unintentionally, finally found the great love of your life—one well worth breaking up two homes for, worth forsaking the woman who has been a good wife to you for many years, and almost assuredly losing the respect of your son.

#### HE MUST DECIDE

IT'S just up to you. If you want to kid yourself along, enjoying the role of great lover, you can probably tell yourself for a while, at least, that it is fate and none of your doing, that you are caught up in something bigger than you are, and so on and on.

Or you can be your age, see this infatuation for what it is to both of you—an escape from the humdrum business of everyday living, an escape from the fact that your youth has slipped away and you can't bear to admit it—and decide to end the whole business quickly and at once.

You aren't in a romantically tragic situation, you know. You're just in a pitifully shabby little triangle. And for that you are risking everything that is really important.

## Will Be Guest Speaker

Mrs. Barney Morgan, author, musician, and a former missionary to Puerto Rico and the Dominican Republic, will be guest speaker for the luncheon-meeting of the Women's Association at First Presbyterian church Thursday afternoon at one o'clock. The Morgans have lived in New York City since 1949, when Dr. Morgan became secretary for the West Indies of the Presbyterian Board of National Missions. This new work keeps them still closely connected with the islands and Mrs. Morgan expects to visit there this summer with her husband for a series of youth conferences in Cuba, the Dominican Republic and Puerto Rico. It will be remembered by many who have followed her work that Mrs. Morgan visited 11 countries of the Caribbean area in 1941 to gather material for her mission study book, "Run of the Caribbean." She is also author of "Homesick and Other Poems" and frequently contributes articles to church magazines.

Born in Parkville, Mo., and educated in Kansas City and Chicago, Carol McAfee spent two years in Syria in Near East Relief work and a year in teaching at Isabella Thoburn College, Lucknow, India, before returning to Parkville in 1925 to become the bride of Rev. Barney N. Morgan. After four years in Puerto Rico, her husband became superintendent of the board of christian work in Santo Domingo, a pioneering enterprise supported by Presbyterian.

Methodist and Evangelical United Brethren churches. For 20 years they made their home in Ciudad, Trujillo, Dominican Republic, where Mrs. Morgan, faced with the problem of education for their three children, founded the school for English-speaking children which has since been given her name. She formed a national organization of choirs with 200 young people and directed the choir of First church, Ciudad Trujillo, now in its 14th year of weekly broadcasting.

#### ANNOUNCE BETROTHAL

Mr. and Mrs. Donald C. Smith, 26 Water street, announce the engagement of their daughter, Rachel Elizabeth, to John Lampe Robertson, son of Dr. and Mrs. Hugh R. Robertson, 412 West Third avenue.

Miss Smith was graduated from Warren High in 1946, from Bradford Junior College, Bradford, Mass., and from Pennsylvania State College with the Class of 1950. She is presently employed by the Philadelphia Electric Company, with offices in Jenkintown.

Mr. Robertson, member of the same Warren High Class, completed his pre-med course at University of Pennsylvania in 1950 and is now enrolled as a student in the university Medical School.

No date has been set for the wedding.

## Republican Women To Have Mercer Speakers

The dinner for officers and captains for the Warren County Council of Republican Women's membership drive has been scheduled at 6:30 p. m. Thursday in the YWCA activities building, when Mrs. Jean George, of Mercer, membership chairman of the Northwest District and Mrs. Grace Lloyd, also of Mercer, will be the speakers.

The goal for this Warren county drive is a 100% increase and officers feel it would be wonderful to "go over the top," a feat which can easily be accomplished if the wholehearted cooperation of each worker is given.

The campaign will carry through to May 16, when there will be a party to honor workers and new members. This affair, it is stated, will take the place of the regular meeting of the Women's Council and will be held at 8 p. m. at the YWCA.

**DEEP IN THE HEART OF KOREA:** In the above picture, (right, in uniform) a Warren girl, Lt. Virginia A. Erickson, 4th Field Hospital, daughter of Mr. and Mrs. Carl A. Erickson, 714 Fifth Avenue West, is shown with a group of Koreans, at Taegu, in the southern part of the war-torn country. Lt. Erickson has "can on active duty in the field in Korea for the last eight months, although she has been hoping for and expecting rotation to Japan for a well-earned vacation. She is serving her second tour of duty in the Medical Corps, being a veteran of the Second World War. After her discharge following World War II, she continued her work as a nurse, being employed in Veterans hospitals in Murfreesboro, Tenn., and at Butler. She reentered the service in 1948, and spent a year at Fort Monmouth, N. J., before being assigned to the Pacific area. In one of her interesting letters received by her mother recently Lt. Erickson said: "It's cold here in our rooms. They're painting our rooms, putting in new floors and doing general repairs. We even have showers in our quarters here. Doesn't sound possible for Korea. The 4th Field is really getting exclusive. We even have a general's son for a patient. He's a first lieutenant and is pretty well shot up. The general has been coming in every day to see him. The above photo was one of about a dozen snap shots received by the parents in a recent letter from Lt. Erickson.

## HERE'S WHAT THEY ARE SAYING FROM COAST TO COAST

HADACOL Relieves The Cause of Stomach Distress, Aches and Pains, Weak, Run-Down Conditions,

Poor Appetite and Nervousness When Due to a Deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron

E. A. Drumwright, 315 Main St., Nashville, Tenn., says this about HADACOL: "I feel I should write you and tell you what HADACOL has done for me. I was run-down and not able to work and had no ambition. All I wanted to do was sleep. I took HADACOL and went to work and am feeling fine and have a good appetite, and sleep good. I can recommend HADACOL to anyone in a run-down condition. I am 63 years old and have taken six bottles."

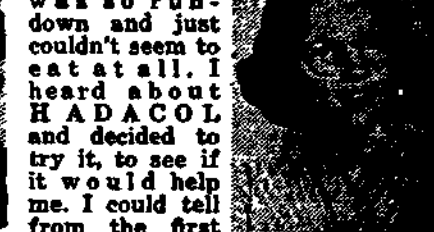

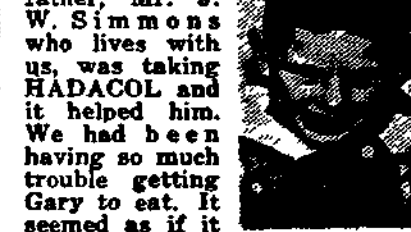

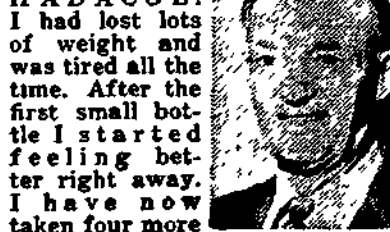

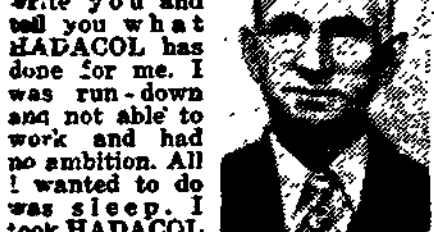

HADACOL is so economical—only \$1.25 for trial size.

Mrs. Ardna Longaker, Rt. 5, Meadbrook Rd., North Kansas City, Mo., "I am a minister's wife and am 38 years old. Two years ago I had an operation and just had a hard time getting back my energy. I was run-down, lost weight, was listless, and had no appetite at all. I'm on my fifth bottle now and am amazed at the results. I want to eat all the time now. Most of all, I'm glad to say, I've gained several pounds. HADACOL is so economical I believe almost anyone can afford it, and I do recommend it to my friends."

Frank W. Woche, 531 Apache, Houston, Texas: "I was so run-down and my son-in-law suggested I take HADACOL. I had lost lots of weight and was tired all the time. After the first small bottle I started feeling better right away. I have now taken four more large bottles and wouldn't be without HADACOL. HADACOL has done so much for me. It's wonderful and all of my friends saw how bad I was looking and now tell me how much better I look. I can't say enough for HADACOL."

Mrs. LaRae Unbee, Saunemin, Illinois: "My son Gary is four years old, and will be five in July. His grandfather, Mr. J. W. Simmons who lives with us, was taking HADACOL and it helped him. We had been having so much trouble getting Gary to eat. It seemed as if it would take the entire family to coax him to eat. After we started giving him HADACOL his appetite picked up right away. He will eat three hearty meals a day, gets up in the morning all set for a big breakfast. HADACOL has certainly helped Gary's appetite."

Mrs. J. E. Roberts, 1516 Lincoln, Little Rock, Ark.: "I am a mother with five children and with my household I was so run-down and just couldn't seem to eat at all. I heard about HADACOL and decided to try it, to see if it would help me. I could tell from the first bottle that it was helping me. I started eating right away—my appetite picked up a lot. After that I took three more bottles of HADACOL, and really believe that HADACOL is a good product, and it has certainly helped me."

Mrs. Letha Fitzpatrick, 401 E. Elm St., Scottsville, Ky.: "I couldn't sleep. I didn't have any appetite and wasn't able to do anything. Then I heard and read about HADACOL and what it had done for others. I decided to give it a trial. I have taken several bottles and I can truthfully say it has really helped me. I feel so much better. I have a lot more strength. I can eat now and I'm gaining weight. I do my work, work in my flowers, also in the garden. Now I'm putting up my fruit and vegetables. I can't thank HADACOL enough for what it's done for me."

Mrs. Thomas Fanning, Francisco, Ala., says about her daughter, Norma: "I just want to say a few words about HADACOL. I can't praise it enough for what it has done for my little seven-year-old girl. She was weak and pale, and did not eat very much. So, I decided to try HADACOL. Now, she eats more and has a better color and has gained weight. My friends and neighbors all are talking about her looking so much better. I can't say enough for it. I recommend it to my friends and neighbors or anybody. I will know from now on what to get when any of my family needs help."

Mrs. Anne Franks, 434 West Seven St., Newport, Ky.: "As a constant user of HADACOL—and am on my fourth bottle—I would not hesitate to acclaim it the best. I was so run-down I could hardly do my work. And that is important as I do a man's job in a shoe factory. I felt that I did not have enough energy to lift my hands. I felt so let-down everything annoyed me. But since I've taken my first bottle, I've been helped so much that now I'm up and ready and anxious to get my work done and am not tired, but am able to do my household. I cannot praise HADACOL and its makers enough."

Mrs. Margaret Gordon, 113 Fernest St., Clover, S. C.: "I didn't have the energy to do anything, and I couldn't sleep at night. I had gas pains all the time. So many friends told me how it had helped them, so I decided to try HADACOL. I have taken three bottles, and am on my fourth bottle. I can't express my gladness for all that it has done for me. Now, I can sleep well at night, and I work. I praise HADACOL very much. I will not do without HADACOL anymore. It has done wonders for me. I can eat anything I wish now, and it doesn't hurt me any more. I am 26 years of age."

Miss Ometha White, 1709 Bush Ave., Alexandria, La.: "I am 28 years old and have lived in Alexandria all my life. I am employed by a canning company. A year ago I was nervous and run-down. I lost my appetite and couldn't sleep. A friend told me about HADACOL and I decided to try it. I have been taking one bottle a week for a year and I can report wonderful results. I am gaining weight, my nerves are OK. I have a good appetite and I can sleep nights again. One bottle a week did it and I recommend HADACOL to all who have my ailments."

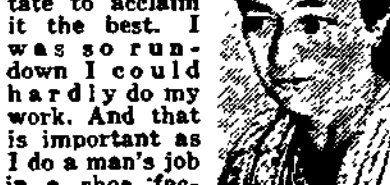

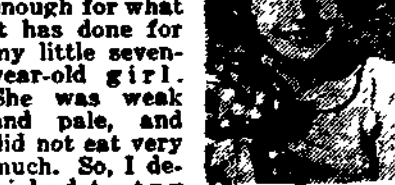

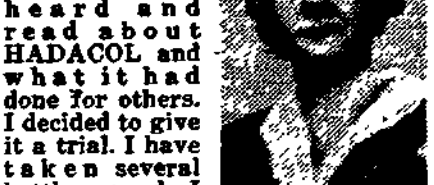

Mrs. Joe Bukowski, 921 Sanborn St., Ottumwa, Iowa: "Before I started taking HADACOL it was nearly impossible for me to do my household work. I was weak, nervous, didn't sleep well, and lacked an appetite. But thanks to regular use of HADACOL, I now do all my household work, sleep well, and have a good appetite. I don't have that tired-out feeling. I'm really 100 per cent better since taking HADACOL."

Mrs. Walter Shields, Hornsbyville, Va., says about her young son: "I have a little boy who had stomach distress every time he went riding in a car. Nothing did him any good. I heard about HADACOL and have given him two bottles. He doesn't suffer from his stomach any more."

Mrs. Anna M. Dehlendorf, 631 E. Pope St., St. Louis 15, Mo.: "I have been taking HADACOL for six months, and feel fine again. I was run-down. I am 60 years old, and do household work, laundry by the day for different parties, and I also do baby sitting in the evening. Before I started taking HADACOL, I was underweight—I only weighed 97 pounds. Now my weight is 135 pounds. I eat good, sleep good, and feel good."

Marcus Dee Starker, 1856 Farrow St., Kansas City, Kansas: "Before taking HADACOL, I suffered such stomach distress after each meal I could hardly work. My wife bought me a bottle of HADACOL, and I will bless the day she did this for me. I took this wonderful discovery and after one week I was actually surprised at the results. I have now taken four of the large bottles, and that isn't all, I will continue taking it."

Mrs. Lula Nelson, 1703 E. 63rd Street, Huntington Park, Los Angeles, California: "I was run-down, couldn't sleep at night, had aches and pains and with seven children to care for I couldn't get my work done. After three bottles of HADACOL I felt so much better I could do more work than ever before. I've been taking HADACOL ever since and feel so good. I now give it to my children and it has helped them too."

Evangelical Mission Covenant Church To Hold Middle East Conference Here

Bethlehem Covenant church in Market street, near Third avenue, will be host May 3-6 to the Middle East Conference of the Evangelical Mission Covenant Church of America.

This conference is composed of 26 churches of the denomination in the area of western Pennsylvania, New York and eastern Ohio.

Meeting in conjunction with conference sessions, the Middle East Covenant Women's Auxiliary will hold its annual meeting Saturday beginning at 10 a. m. with sessions in nearby First Baptist church.

A devotional service at 2 p. m. will have as guest speaker Rev. O. R. Swanson, conference superintendent and his wife.

The spring convention will get under way with a public meeting at 7:30 p. m. Thursday, under the sponsorship of the Middle East Ministerial Association. The message will be brought by the Rev. Jerome M. Ahlstedt, of Bessemer, vice president of the association, which will be continuing its sessions all day Friday.

On Friday evening, the Middle East conference will convene for its first session, with a public meeting at 7:30 o'clock. Superintendent Swanson will speak and there will be special singing by Mrs. Elwood Carlson and Mrs. Erik Haglund, Jamestown.

Business sessions of the conference will be held Saturday, beginning at 9 a. m., with the Rev. Theodore Johnson, pastor of Zion Mission Covenant church of Jamestown and conference chairman, in charge.

A sacred concert is planned for 7:30 p. m. Saturday, when a male quartet from Bradford and local talent will present the musical part of the program. The guest speaker will be Prof. J. Fredrick Burgh, North Park College, Chicago, Ill., and a film, "In Thy Light," will be shown.

At the 10 a. m. church school hour next Sunday, the guest speaker will be Miss Bess Koutout, Erie. Prof. Burgh will bring messages for the 11 a. m. worship service and at the 4 p. m. union service.

Evening and Sunday services are open to the public and a cordial invitation is extended to all interested.

GRAND JURY RESUMES INQUIRY INTO MURDER

Pittsburgh, May 1—(AP)—The Allegheny county grand jury resumed its investigation today into a 1946 double gang slaying in Pittsburgh.

The hearing had been blocked temporarily by a court order obtained by Attorney Charles J. Margiotti, counsel for Frank Valenti, once charged as an accessory before the fact of murder in the slaying of Frank Evans and Fred Garrow.

The Pennsylvania supreme court yesterday discharged the previous order which had halted the hearing.

Allied big guns massed in the Seoul suburbs pumped thousands of shells into the hills to the north where the Communists were swarming. Warships off Inchon port laid down a heavy curtain of fire northwest of the old South Korean capital.

And Allied planes mounted "the greatest air effort of the Korean war."

Far Eastern Air Forces reported 1,277 sorties, a new air record, "smashed a determined large scale Communist supply build up."

Red jets made a brief challenge of Allied war supremacy Tuesday. One was probably shot down and four were damaged.

Red ground forces had brought tanks and artillery down from the north to bulwark their planned May Day attack on Seoul. Seven tanks were hit.

U. N. scouting parties knifing through the hills north of the South Korean capital Tuesday found no trace of large scale mobilization needed for an attack on the city.

BARNES

Barnes, Apr. 28—Mrs. Harold Miller conducted the WSCS meeting held in the Methodist church, when the following officers were elected for the coming year: President, Mrs. Esther Burns; vice president, Mrs. Bertha Holden; secretary, Mrs. J. C. Curtin; treasurer, Mrs. Dora Hoyer. Mrs. C. E. Conquer had charge of the devotionals and the lesson, which depicted the progress of women.

Saturday was general Clean-up Day for the Barnes Cemetery. About 30 members of the Cemetery Association and friends met early and worked all morning. The entire surface was raked, leaves and debris burned, many fills and other improvements made. As an experiment, it proved very successful, showing what cooperation can accomplish.

Mr. and Mrs. Serrill Grubbs and Bruce Melquist motored to Jamestown Sunday morning, spending the day as guests of Mr. and Mrs. Bruce Melquist. They brought their grandson and nephew, Douglas Melquist, home for a visit.

Mr. and Mrs. W. T. Hoyer spent Tuesday night in Oil City as guests of Mr. and Mrs. Bertrand R. Hoyer and family. Mrs. W. D. Barnes accompanied them to Spartansburg, spending the night at the home of her sister, Mrs. Delia Goldin.

The fire department was called to Barnes Saturday morning to extinguish a grass fire which had spread from a fire in the yard of Mr. and Mrs. Raymond Billstone. Late that evening, they passed through town en route to Cherry Run, where a car had overturned and caught fire.

Mr. and Mrs. Fred Rumber entertained a large number of friends and relatives at their home for the christening of their infant son, David Nasman Rumber. Rev. Hans Pearson, of Bethany Lutheran church in Sheffield, officiated with Mrs. Nels Palmquist of Warren as Godmother and Godfather. For the luncheon which followed, Mrs. George Morley of Sheffield poured. Guests were present from Reynoldsville, Detroit, Sheffield and Warren.

Mr. and Mrs. Harry Shaw spent the weekend in Gasport, N. Y., guests of his brother and sister-in-law, Mrs. and Mrs. Oran

First Drowning of Season at the Lake

Jamestown, N. Y., May 1—Claude Swanson, 41, of Big Inlet, near Hartfield, became the county's first 1951 drowning victim late yesterday. Swanson died at about 6 p. m. in Westfield Memorial Hospital, some two and a half hours after he was pulled from Chautauqua Lake at Elmwood.

According to the Sheriff's Department, Swanson fell off a dock near the residence of W. R. Briggs who a few minutes later noticed the man floating face down.

Briggs pulled the victim out with the aid of a pole and applied artificial respiration. Assisting him were two women neighbors, the Sheriff's Department said.

Dr. Harold Saxton, a Mayville physician called to the scene, administered a sedative to Swanson, who was then sent by ambulance to the hospital. A Sheriff's Department inhalator summoned to Elmwood was not needed.

Coroner H. Harry Hemstreet, of Mayville, ruled Swanson died of drowning.

**DELIVERY TO CABIN:** Howard Hahn, of Warren, driver of the Oil City run for Anderson Baking Company, escaped serious injury last evening about 8:15 o'clock, but the truck which he was driving was deemed nearly a total loss following an accident on Route 62 about three miles south of the Irvine bridge. Hahn, driving toward Warren, lost control of the truck and swerved off the road, striking guard rails and a cement block cabin owned by Stark's Cottages. Mr. Stark, first on the scene of the crash, took Hahn to Warren General Hospital where he was admitted, suffering head and arm lacerations. His condition is described as good today. Dean Anderson, of the company, said this morning that the truck damage was estimated at approximately \$2500.

Enrollment For Fall Kindergartens

Gerald R. Newton, director of curriculum in Warren borough schools, announces today the enrollment and visiting schedule which has been set up for this week in connection with next fall's kindergarten classes.

Parents may enroll their children now for next year's classes and are invited to visit the buildings the pupils will be attending.

Johnson school will be open for visits tomorrow and Thursday mornings; Home street, the same afternoons. Lacy will welcome the new kindergarten parents Friday and Monday mornings, May 4 and 7, and South street kindergarten will be open the same afternoon.

McClintock and East street buildings have already had their enrollments for these youngest class pupils.

Obituaries

MENU SUGGESTIONS

**BY GAYNOR MADDOX**  
NEA Staff Writer

**BABY** doesn't have to wait long these days to get his first taste of meat. The changing schedule of course, is in line with scientific recognition of the superior contribution of meat in essential body-building proteins. Writing on "Protein in the Child's Diet," Dr. L. Emmett Holt, Associate Professor of Pediatrics, Johns Hopkins University, says:

"The child must be given relatively more protein than the adult; the younger he is, the greater is his need for protein food. The young infant requires roughly 4 grams of protein per kilo each day, a quantity approximately double that which is necessary for an adult."

Naturally, the age at which meat is introduced into an infant's diet depends upon the needs and development of the individual baby, and the orders of the doctor who has been watching the child's progress.

The early starting of baby on his first tastes of smooth strained meat is no longer a heavy chore for his busy mother. Experts in meat packing are catering meats right to baby's taste, ready to warm slightly or combine with other foods.

One baby meat producer now offers six strained meats, which have the added advantage of low fat content. Controlling fat has been one of the problems that has plagued the packers of strained and junior meats.

Even the use of extra lean cuts did not always result in a product acceptable for the very young. Extra digestibility is claimed for these low-fat content meats, along with true flavor and color.

**Creamed Veal and Egg**  
(Makes 2 servings)

One tablespoon butter or fortified margarine, 1 tablespoon all-purpose flour, 1/2 cup whole milk, 1 can (8 1/2 ounce) junior veal, 1 hard-cooked egg, chopped fine, salt to taste.

Melt fat, add flour. Blend well. Gradually add milk. Cook until thick. (Cook over low heat or in top of double boiler). Add chopped meat and egg. Season to taste. Serve on toast, fluffy rice or baked potato halves.

# How Not to Walk in Six Silly Lessons

**THE STUTTERER** waits in such uneven rhythm his next step may be four times as big as the last one. This is one reason why stutterers are so good at multiplication. Manholes are a stutterer's biggest problem.

**THE DIPPER** puts so much weight on one foot that his knee is constantly buckling. The bemused belle above is not sure whether she has a shy suitor or a "Big Dipper" on her hands. "Little Dippers" are just as bemusing.

**HEEL-KNOCKERS** are worse than leftover knockwurst. For one thing, they knock the rear of one shoe against the other, wearing out both shoes and trouser cuffs. And because they won't back up for anyone, they're sometimes called "Heels."

**TOE DANCERS** are adept at sneaking into the house late at night after being out with the boys. They walk on the balls of their feet, like frustrated ballet stars, and sometimes get an assist from the bartender.

**SHIFTERS** can't stand in one position for long because their feet hurt so much. Some have the shifts so bad they migrate to New York just to hang from subway straps. Others play foot-ball or mournfully walk on their hands.

**THE DRAGGER** does exactly that. As a result, his soles almost always look like they are on their last legs. Draggers are often found in brakeless jalopies, dragging in a way that leaves their feet tired.

# Exchange Teacher Gives Talk Before Farmington Grange

Leader, May 1—Rose Mary Wilcox, who teaches in Jamestown and served as an exchange teacher in England and visited a number of European countries, showed slides and gave an interesting talk on her experiences for the regular meeting of Farmington Grange. Her pictures included scenes taken in England, Scotland, France, Italy, Norway and Sweden.

Lynn Burgett conducted the business session, when members responded to an appeal from Excelsior Grange. It was voted to hold a rummage sale May 11-12 and members were asked to bring their articles to the next regular meeting on May 10.

It was announced Warren County Pomona Grange will meet at Youngsville May 3, when the state lecturer will be the speaker and Erie county will stage the degree work.

A tureen supper concluded the evening.

## I'll match my Dodge with any car on the road for Value and Dependability

—says MICHAEL OPPENHEIM

"Sure, I've owned and driven other make cars," says Michael Oppenheim, Bellerose, N.Y. "But since 1941 my cars have all been Dodges. I know how dependable Dodge cars are, how little they cost to run. In fact, my new 1951 car is another dependable Dodge!"

Specifications and equipment subject to change without notice.

You could pay up to \$1,000 more and not get all the extra room, comfort and rugged dependability of Dodge

Compare what Dodge gives you... with what other cars offer. You'll understand why Dodge owners say they'll match Dodge with any car on the road.

Take riding comfort for example. You could pay far more for a car and still not get the almost unbelievable smoothness of the new Oriflow ride. Even on roughest roads there's no wheel "hop" or bounce... wheels stay on ground providing a smooth, level ride for all passengers. You get the relaxing comfort of extra head room, leg room and shoulder room. You never feel cramped or crowded. And Dodge gives you the priceless safety of "Watchtower" visibility... of big Safe-Guard Hydraulic Brakes with larger braking surface for smooth, sure stops.

Dodge Gyro-Matic is the lowest priced automatic transmission on the market. It lets you drive without shifting... yet it is simpler, safer—gives you full control of your car under all driving conditions. Come in—see and drive today's big Dodge.

# Egyptian Tomb Supplies 3500-Year Old Exhibit for New Glass Museum

Exquisite Amphorisk Probably Served as Cosmetic Jar for Pharaoh's Daughter

CORNING, N. Y.—Two extremes of glassmaking, ancient and modern, will share the spotlight in the lobby of the Corning Museum of Glass at the new Corning Glass Center, where the craftsmanship of both the 15th century B.C. and the 20th century A.D. are on display.

Visitors to the museum, when it opens late this spring, will see a tiny Egyptian amphorisk of the 18th Dynasty in a lighted case, and not far away, a 200-inch telescope disc, over 17 feet in diameter, and weighing 20 tons. Viewing these two objects, the beholder may bridge a transition in glassmaking of 3,500 years from a small decorative object to one of the greatest of modern scientific achievements, a telescope reflector.

The delicate little vase of cobalt blue stands only four inches in height, but it occupies a place of distinction in the civilized world both present and past. It is an example of the earliest form of glassmaking, which was a primitive core-wound process.

Made of Glass Threads

The glass maker wound by hand semi-fused or molten threads around sand and earth held in position by an adhesive soluble in water. The object was gently shaped, decorated, polished, then fired. Afterwards, the core was hollowed out. This was the earliest type of glass vessel ever made, and the method of glassmaking continued with very little variation for more than 1,000 years until the invention of the blow pipe.

Even after 3,500 years, the amphorisk in the museum lobby is in an almost perfect state of preservation, and so exquisite is its coloring that it must be seen to be appreciated. Of an overall translucent blue, its threadings or decorations are of white or lemon yellow with a circle of turquoise blue around the lip and near the base of the vessel. These small vases were frequently used to contain oils and cosmetics, and adorned the dressing tables of Egyptian princesses.

Complete specimens of this type of glass are extremely rare, and only a few collectors possess even fragments of this ancient form of one of the world's most useful materials.

Representing all of the beauty and skill of craftsmanship in the ancient world, the vase poses an

WHAT IT TAKES TO BID TWO N. T.

By OSWALD JACOBY

Written for NEA Service

In yesterday's article we discussed the opening bid of one no-trump. Today we will talk about the opening bid of two no-trump. The opening bid of two no-trump shows a hand that is just slightly better than double an average hand. Remember that an average hand contains one ace, one king, one queen, one jack, and one ten.

In today's hand for example, South has slightly better than average strength in the black suits. His holding in the red suits is also

slightly better than an average hand. Hence the full hand is worth an opening bid of two no-trump.

Such an opening bid is not forcing to game, so North would pass with a really blank hand. As it is, he can just barely afford to respond. Note, however, that he might well have passed if South had opened with one club. It took the opening bid of two no-trump to keep North alert.

In the play, East puts up the

jack of spades at the first trick, and South wins with the queen. Declarer's best chance to make his game contract lies in winning four club tricks. Hence South leads a diamond to dummy's king in order to begin the play of the clubs.

Here, however, declarer must be very precise. The hand is lost if the wrong club is led from the dummy. Look the hand over and select your play before reading on.

The nine of clubs must be led first from dummy. When that wins, dummy continues with the jack of clubs. Thus dummy holds the lead for a third club finesse, to bring in the entire suit.

If the jack of clubs is led first, South must win the second round of clubs, and the entire suit can-

Two trucks and 14 men of the Russell Fire Department, assisted by neighbors, battled a stubborn grass and woods fire near the Robert Zimmerman place on Conewango avenue extension for about two hours shortly after four o'clock yesterday. According to Fire Chief Pat Ferrie, about five acres of cut over woodland burned, with discarded tree tops and stumps making difficult the job of mopping up the fire. The firemen were not able to get trucks near enough to the blaze to use hose lines, and battled the fire with Indian tanks and rakes.

## SEASON FOR ARCHERS

According to an Associated Press dispatch from Harrisburg an open deer hunting season for bow and arrow hunters would be established under a bill passed 41-0 by the senate last night. The bill went to the house. At present, archers are permitted to hunt deer only during the regular season and are restricted to two separate 1000-acre tracts in Sullivan and Forest counties. Under the senate-passed bill, archers would have a season of their own in addition to the regular hunting season and would be permitted to track deer wherever hunting is allowed. They would pay an extra \$2 fee in addition to the regular \$3.55 hunting license fee.

## Cleveland Lands Southpaw Hurler In 7-player Deal

Cleveland, May 1—(AP)—Big Lou Brissie brings his southern speed into the Cleveland Indians' lineup today, and top trier of the pennant now think their club has what it takes to cop the pennant.

The Indians have four fine right-handers but a championship club needs a good leftie. Cleveland's General Manager Hank Greenberg has tried for months to get one.

He got one yesterday in the three-club, seven-player deal that pried Brissie away from the Philadelphia Athletics. To do it, he gave the Chicago White Sox Orestes Minoza, a 27-year-old Cuban rookie infielder he thinks will become one of the game's great players.

But, says Hank "It's the kind of a deal a club makes when it's going all-out for the pennant. Brissie certainly improves our prospects of winning this year. And even if we don't we've got a fellow young enough (Brissie will be 27 next month) to help us for at least the next five years."

Greenberg said no cash was involved in this first important player deal of the season. In addition to moving Brissie and Minoza, the three-cornered swap did this:

Sent outfielder Paul Lehner, 30, to Chicago from Philadelphia where he hit .309 last season.

Put Gus Zernial and Dave Philley Chicago outfielders, and a Cleveland battery of southpaw Sam Zoladak and Catcher Ray Murray on the Athletics' roster.

Brissie, the key man in the deal, won seven and lost 19 for the Athletics last year, a poor one for him compared with his 14-10 and 18-16 record with the second-division A's in 1948 and 1949.

## Quick Start Makes Dressen Peepul's Cherche in Brooklyn

BY HARRY GRAYSON  
NEA Sports Editor

NEW YORK—(NEA)—It didn't take Charles Walter Dressen long to sell himself to the Brooklyn crowd.

Charles Dressen was in like Flynn when the early-season winning streak was made sweeter by the sweeping of a three-game, week-end set with the highly publicized Giants at the Polo Grounds.

Three games were decided by one run, two in extra innings, one with the Braves going 16.

"As sure as shootin', Shotton would have lost 'em," said the incredible Flatbush fans.

There are a number of reasons why Chuck Dressen has become the new Peepul's Cherche across the bridges.

Twenty years of experience has taught the 52-year-old Dressen how to handle players.

He is quick on the trigger with winning ways.

He started well acquainted with the Brooklyn stars, knew Palica, Hodges, Jackie Robinson, Snider and others in the chain. He recommended Roy Campanella.

Dressen put Clyde Sukeforth, the old catcher, where he could do the most good—in the bull pen—instead of using him as a messenger boy.

Dressen is personally coaching at third base, where the big base-running decisions are made.

THE Ebbets Field faithful like to see their guy out there running the works and fighting for them.

Dressen is a Dodger at heart.

He believes that, with proper handling, the Superbas will be strongest where a lot of people suspected they would be weakest—in the pitching department.

He is confident his side will get ample pitching from Newcombe, Roe, Palica until he is called by the military, Hatten, Erskine and Van Cuyk, backed up by Branca, Bankhead and Clyde King.

He isn't afraid to use his ace, Don Newcombe, to save a key game, or even pull one out of the fire, as he did against the Giants.

"It only sets Newcombe's regular turn back one day," he explains.

Under Burt Shotton, Brooklyn pitchers warmed up without a coach.

Now when it's time for a change, Dressen telephones Sukeforth, and asks who has the most stuff.

Under Barney Shotton, Sukeforth wasted his time in the dugout, giving signs. Now he's a cog in the machine.

Shotton, in street clothes, had to send Sukeforth out to talk with a wobbling pitcher.

Now the uniformed Dressen is in the box quicker than you can say Jackie Robinson, to find out and judge for himself.

NEW YORK—(NEA)—Another Kentucky Derby, and once more you hear the old-timers say May 5 is much too early to send a three-year-old a mile and a quarter.

The huge pile of wreckage gives them a strong argument.

Unless he is raced during the winter, a colt necessarily has to be rushed.

And if he runs at a winter track, he is almost certain to tail off before the big summer season is too far along.

Citation, Whirlaway and Alsab were exceptions proving the rule, and they stuck like Mickey Mantle.

The Preckness, two weeks after the Derby, is at a mile and three-sixteenths.

The Withers Mile at Belmont Park, May 26, originally was a tightener for the Belmont Stakes at a mile and a half, the true Derby distance, June 16.

The English Derby coincides with the Belmont Stakes, so long ago racing men agreed that mid-June was the time to ask a three-year-old for his maximum effort.

Stressing the Derby toll is the fact that there have been only eight Triple Crown winners in 32 years—Sir Barton, Gallant Fox, Omaha, War Admiral, Whirlaway, Count Fleet, Assault and Citation.

A FRIGHTFUL number of bright prospects have broken down in their trainers' efforts to get them to the julep journey so quickly and in unfavorable weather.

I recall old Alex Gordon meaning about having to hustle his favorite Coldstream, named after the famous stud of that name, in '36. Coldstream struggled in fourth behind the memorable duel between Bold Venture and Ebnawy, went no farther. The Shandon Farm's Burning Blaze, a puppin, was knocked out as his handler attempted to take a short cut to the Run for the Roses in '38. There is a long list of the.

Behave Yourself, Galahadion and Jet Pilot, the front runner, accomplished nothing worthwhile after bounding down in front at Churchill Downs. Morvich never won again. Black Gold went wrong that season, and the story-book horse set the style for winter horses in Louisville. Flying Ebony and Lawrin retired at the end of the season. The Derby was Bubbling Over's last race. Clyde Van Dusen broke down after the Derby.

The Kentucky Derby is a glenore gallop, but a costly grind.

team ever to win the two big national tournaments in a single season, to a secondary status.

"If we can't play in the large arenas naturally we can't play a bigtime schedule," said Coach Nat Holman, the onetime Celtic star.

"Our gym seats only about 1100. We couldn't make intercollegiate games attractive or profitable for visitors."

Holman said he had sent out feelers with hopes of arranging a 22-game schedule but admitted it wouldn't be ambitious.

The ban on Garden games was announced yesterday after a special session of the board and it followed by a few hours the indictment of 12 former basketball players involved in the betting scandal, including four stars of CCNY's brilliant sophomore championship team of 1949-50.

Also affected by the order were Brooklyn, Queens and Hunter colleges but these aren't Garden principals.

The board's action was recommended in a report submitted by a special committee appointed Feb. 19 to investigate the status of basketball and other intercollegiate sports in city institutions.

The board's directive does not endanger the multi-million dollar basketball setup at the Garden since three other major New York institutions—St. John's, Manhattan and New York University—have decided to continue to play there under a new arrangement which gives them a bigger hand in the operations.

ON ARMY LINE

The Hartweg twins, Louis and Bill, who played last season with the Hammond Iron team in the Sunset League, will be in the roster for one of Uncle Sam's nines this year, having just been signed to play with the Stewart Army Air Force Base team at Newburgh, N. Y. Both young men, sons of Mr. and Mrs. Louis Hartweg, Sr., 25 South South street, are busy sewing on new corporal's stripes this week.

## Willard Racks Up 290 - 730 Score In Sweeps at the Penn

Frank Willard, lead off man for the Warren County Motor team, found an intra-league sweeps match to his liking at the Penn Bowling Center last night when he racked up a thumping single game score of 290—just 10 notches shy of a perfect game—and added line scores of 245 and 195 for a blistering 730 pin total.

Willard's team mate, Andy Randurelli, rolling in the anchor slot, also came through with a 624 score, to boost the Motor Squad's total pins for the match to the 2807 mark.

Willard's bowling was by far the best individual performance on local alleys this season, and marks one of the few times in recent years that a local kegler has cracked the charmed "700" ring.

Other teams firing in the Industrial League sweeps posted these totals: McIntosh Photo Service, 2588; Warren County Insurance, 2579; Kinnears, 2507. Team leaders were Dr. Jim Guinta, Warren County Insurance, 558; Pete Juliano, McIntosh Photo, 548; M. Johnson, Kinnears, 522.

Some \$133,000 will be spent this year to expand a habitat program that already exists on a minor scale. Much of the money will come from the saving effected by cutting restocking farm production from 20,000 to 5000 birds. Those retained will be used for egg production for private clubs and to insure against catastrophe losses.

The state-wide egg distribution program maintained for years by 4-H Clubs and volunteers is eliminated.

of the food and cover corps activities.

Coated by the decision of pheasant research workers that dumping pen-reared birds into cover already occupied by wild-life is unwise, the Michigan Conservation Commission voted to scrap its large-scale restocking program in favor of habitat restoration.

Sportsmen, according to the views of outstanding pheasant experts, are certain to enjoy better hunting.

Top Quality at Low Cost  
Grown in Well-fed Garden

Chemical Plant Food Is Quickly Available to Plants When Applied in Trench on Each Side of Row.

In the home vegetable garden and flower borders, fertility need not be a problem. A deep black loam is a joy to work, and will grow beautiful plants, but any porous top soil into which an adequate amount of commercial plant food and what humus we can obtain are spaded will do as well, even though it is not black.

Four to six pounds of a balanced plant food mixture to each 100 square feet of garden area will be sufficient in most cases. To give an extra finish to the crop, do not hesitate to use more, applied as maturity approaches. If during the season plants show signs of deficiency, this should be corrected.

Deficiency symptoms include the following: When leaves turn light green or yellow, but do not fall off, nitrogen is lacking. When leaf margins brown, especially the lower leaves, potash is needed. Plants stunted in growth probably need more phosphorus.

It is rarely necessary to get a soil test for a small garden. A complete plant food will take care of deficiencies without giving a harmful overdose of any, if used according to instructions.

The point is being stressed that well-fed crops do not reduce the amount of humus in the soil, since more humus is produced by the roots of plants than by their tops. A heavy crop, fed by any sort of plant food, will leave more humus than it found.

The heaviest application of plant food should be made at the beginning of the season, and here commercial plant food has a distinct advantage. It is available to plants at low temperatures and will stimulate growth during the cool weather.

Organic plant food has to be broken down by bacteria before the plants can use it, and this requires a temperature of at least 70 degrees.

To get the most out of plant food, the following methods of application are recommended by researchers:

1. On soils which are acid, testing below pH6, plant food should be concentrated in bands or pockets, not touching plant roots but within easy reach.
2. On sweet soils, testing above pH6, spade plant food thoroughly into the soil, evenly and deeply.

To apply the first method stretch the line to mark the row in which seeds are to be planted. Then not less than two inches away on either side, make a furrow four inches deep. Four plant food into each furrow at the rate of one pound (or pint) for 50 feet, and cover it with earth. Then make the drill in which seed are to be sown and proceed with planting as usual.

The standard application of a balanced plant food is 4 pounds per 100 square feet (a space 10 x 10 feet square). You may figure one pound per pint, so an area 10 by 10 ft. requires two quarts. One quart will feed 50 square feet and one pint 25 square feet.

Where smaller quantities are required, use a rounded tablespoon per square foot.

Presbyterian Men  
At Dist. Meeting  
At Cambridge Spgs.

Four members of the local chapter of Presbyterian men attended the District Rally at Cambridge Springs, on Saturday afternoon and evening.

This meeting was sponsored by the National Council of Presbyterian Men and the Erie Presbytery.

Dr. C. M. Rist of Erie was chairman for the afternoon session, and J. I. Reichard, vice-moderator of the Erie Presbytery, chaired the evening meeting.

Devotions were handled by Dr. G. Mason Cochran, pastor of the Oil City Second Presbyterian church.

The main speaker for these two sessions was Thomas E. Whiteman, senior vice-president of the National Council of Presbyterian Men. Mr. Whiteman is purchasing agent for the F. W. Woolworth Co., at New York. He gave very educational and inspiring talks regarding men's work in the Presbyterian church, and explained what the National Council, which was organized in 1948, hopes to accomplish. The local chapter was just formed in January, with Fred Plummer as president. Representatives present from several Presbyterian churches in the district, expressed their intention of forming a chapter in their church, and becoming affiliated with the National Council. Over 100 Presbyterian men attended this Rally.

The following Warren men were in attendance: Nat W. Drake, vice president of the local chapter, C. L. Knowlton, Wm. P. Taylor and Ralph W. Whitehill. Mr. Drake spoke briefly regarding activities of the Warren Chapter and the Chicago National Convention which he attended.

General arrangements were handled by J. Davis Illingworth, of Titusville, stated clerk and executive, for the Presbytery of Erie.

Letters to the Editor

Warren Times-Mirror

Dear Sir:

The article appearing in the Wednesday, April 25th Times-Mirror has left me in a disheartened and disgusted state of mind. The article is the one concerning the future of the Municipal Airport. To what low level have our borough officials slipped to? The idea of using the hangar as a place to store street equipment is, in my estimation, not only degrading but demoralizing. For twenty years the Warren Airfield has served this city with the best that could be done under the existing circumstances. I am only a high school student but I believe I have a better sense of values than the party or parties who suggested turning the field into a city garage. Slip King, who recently passed away, put the better part of his life into the airport. For the past few years, when his health was not the best, when he could have retired, left some one else take over, he kept on, trying to keep alive the spark of aviation interest that was left in this town. He was a symbol of the brotherhood, friendship, good times and etc. that can be enjoyed whenever men get together to enjoy the finest past-time in the world—flying. Now just because he is gone, I don't think the borough has any right to make a garage out of the place and discontinue all that for which the field and "Slip" stood for. I appeal to the people of Warren and vicinity not to let one of our well-liked public services be put down this way. I'm sure that through the press this appeal will reach the people and they will wake up to this near-crime the borough would like to commit. Please—don't let aviation die in Warren!!

Thank you,  
K. R. W.

Accountants Study  
Returns of \$25,000

Beginning next year every tax return showing income of over \$25,000 will be examined by the United States Treasury, according to information that has reached Bachrach, Sanderbeck and Company, certified public accountants of Pittsburgh.

Last year some 52,000,000 individual income tax returns were filed and the government worked on a scientific sampling basis of examining 162,000 of them. Upon finding that 70% of the tax returns showing incomes of \$25,000 contain errors, the government decided on the policy of examining every one of them hereafter. One half of the returns showing business income under \$25,000 were also incorrect, and now extra attention will be given hereafter to this class of returns.

It has been shown that each revenue agent engaged in examining tax returns produced an average additional tax of over \$87,000 last year.
